

UMBRIA

Umbria is one of the most fascinating wine regions in the world.

Referred to as the “Green Heart of Italy” because of its central location filled with lush rolling green hills, historic towns and rich culture.

The excellence of Umbrian wine is recognized throughout the world.

This soulful and beautiful region is known for its own grape specialties and highlights the innovation of modern winemaking.

From the iconic, crisp whites such as Orvieto & Trebbiano to the famous Grechetto.

Rich and powerful reds like Sangiovese & the indigenous flagship grape Sagrantino offer lavish color and ripeness with profound tannins.

Grown on the hillsides throughout Montefalco, Sagrantino boasts a diverse range, from the easy drinking Rosso di Montefalco, to the complex age worth structure of Sagrantino di Montefalco.

Umbria is an incredibly focused wine region that offers something special for every palate.
